

ULTRA INK™, EASY INK™, FASHION INK

ART REQUIREMENTS

ART REQUIREMENTS

Ready to print artwork must be sent to meet these requirements. Artwork that is not ready to print will have additional artwork charges and be proofed to the customer.

FILE TYPES

Vector Files: AI, PSD, EPS, CDR and PDF.
Non-vector art may require additional art charges.

SET SIZE

Artwork must be sent to size, on our 11.5 x 18" print area.

PRINT REQUIREMENTS

Ultra Ink™

Printed Area : 2.6 point Negative Space: 2.6 point

Easy Ink™ | Fashion Ink

Printed Area : 1 point Negative Space: 2 point

Artwork that is 2+ colors may require minimum printed areas to be 2.3 point to account for the under base.

Artwork that does not meet these requirements may not print clearly or transfers onto your garment.

CONVERT FONTS

All type must be converted to a non-editable format. Type that is left live may not display accurately when opened by another computer with a different font library.

COLORS

COLOR CHARTS ARE AVAILABLE!

ULTRA INK™

Ultra Ink is a CMYK process. Use stock colors or Pantone colors in your artwork to ensure results. Pantone matching is an additional fee. 100% Pantone match cannot be guaranteed. If stock colors or Pantones are not used we cannot guarantee colors are what you are expecting on the final product. We do not offer credits or reprints if colors are not called out and final product is not as expected. The printed product may not match your monitor. What you see on screen and what prints are not always the same. Do not send your artwork in rgb color mode.
